

DISCOVERER UTS

ENHANCED WET TRACTION

RIDE COMFORT

PRECISE HANDLING

DISCOVER ULTIMATE QUIET COMFORT

An ultra high performance tire with Dynamic Armor Technology and Memorable Comfort Technology for luxury SUVs

RIDE COMFORT

Enhanced Base Layer
Reduce the harshness of road disturbance for a more comfortable ride

ENHANCED WET TRACTION

"Trailer-Made" Silica Tread Compound
With high silica content to enhance wet traction

AVAILABLE SIZES

20"
235/55R20

PRECISE HANDLING

"Dual" Central Rib Design
A solid rib tread design provides precision driving stability and steering response

"Diamond Cut" Tread Design
To provide superior handling precision during high speed

Solid Shoulder Rib
Act as a "dam" to reduce tire noise more effectively

"Elastic Bead" Sidewall Construction
The softer bead filler is a resilient material on top of the bead in the lower sidewall of the tire

4+2 Aqua Grooves & "Water Drain" Tread Design
Accelerate water drainage to prevent hydroplaning

"Water Drain" Tread Design
